## About San Miguel

San Miguel School Chicago is a middle school (6th - 8th grades) school program founded under the principals of providing students with a great education, a graduate support program and family support services to ensure that each student goes on to graduate high school.

Studies have shown that a student’s path is most likely determined before even entering high school. San Miguel School Chicago seeks students who are academically behind and financially at-risk; and students who enter San Miguel improve 4-6 grade levels in just three years.

Graduates of San Miguel are twice more likely than their neighborhood peers to graduate high school. Furthermore, 92% of San Miguel graduates matriculate into college - far exceeding the national average.

## About the San Miguel Auxiliary Board

The San Miguel Auxiliary Board plays a significant role in raising funds for San Miguel School. Funds collected go directly toward student scholarships and community support for students.

## HOW CAN YOU HELP?
